

## CAPABILITY STATEMENT

### Company Overview:

SimpleQuE is a medium-sized Quality Management System (QMS) consulting firm that works with any size organization to effectively obtain, upgrade and sustain ISO-based QMS standards for the aviation, space and defense industries.

- ISO 9001
- AS 9100, AS9110, AS9120, AS9003, AS13100, AS9145
- ASA-100 (FAA AC 00-56B)

SimpleQuE's mission is to partner with our customers in taking business complexity and providing simple, value-added, and effective solutions. SimpleQuE strives to understand your business, to implement practical, sustainable solutions that fit your business and culture. We use a customized approach for your business, versus cookie cutter solutions. With this in mind, simpleQuE has a distinct advantage over other consulting firms as we primarily use Exemplar Global/Probitas/IRCA certified aerospace auditors. Because we attend AAQG and IAQG meetings and audit for registrars we know and understand, first hand, what registrars are looking for. By leveraging this knowledge & aerospace industry experience we can assist your organization in better use of your time and resources, higher efficiencies, and more opportunities and greater profitability.
